Dear Harold and Lillian, 12/21/98

With all you have both been through in recent months, we hope better days are ahead. We want to send you something, but we are kind of at a loss given dietary restrictions and perhaps some other problems as well. Don't hesitate to ask for anything or suggest what you might like or would be especially useful to you.

Take care and Best Wishes,

Gerry, Hank, Irene
Claire + Nick

Sending you
special wishes for a very
Merry Christmas
